

# Unisto Varis eco (Ecograde PP)

Adjustable length Security seal ideal to seal any kind of bags. Made with the sustainable material Ecograde. Due to its high tensile strength our Unisto Varis is very popular in the Postal and Courier Services sector. Also used for application such as ballot & election boxes, Tote Boxes and Roll Cages. Spikes on the ribbon ensure a good grip to the neck of a bag. Barcoded numbering for fast, accurate reliable data capture and streamlining operations. Various plastic colours available.

---

## Features of this security seal

### Type of Seal

Adjustable Length Seals

---

### Application

Bags, Roll Cages

---

- › Sustainable security seal
- › For the eco version is used less plastic, the strap width is just 4.0 mm
- › High tensile strength reduces risk of accidental breakage
- › Spikes on the ribbon prevent pulling off the seal from the neck of the bag
- › Locking mechanism of stainless spring steel allows pulling tight with as little force as possible
- › Barcoded numbering for fast, accurate and reliable data capture and streamlining operations
- › Various colours for logistical functions
- › Customer name/logo for clear identification
- › Mats of 10 seals allows sequential distribution

## Minimum size
