Unisto Banco 4

The perfect Security Seal solution to seal NCR ATM cassettes. Well-known in the Cash-in-Transit business. Due to its special design it fits to the unique NCR closure system and protects it against accidental pull outs. Sealing requires only one hand and the opening of the seal is done by just breaking the locking system. It's very fast and without any tool. Customer name/logo for clear identification. Bar-coding ensures fast and accurate data capture. In different plastic colours available.

Features of this security seal

Type of Seal
Special Seals

Application
NCR ATM cassettes

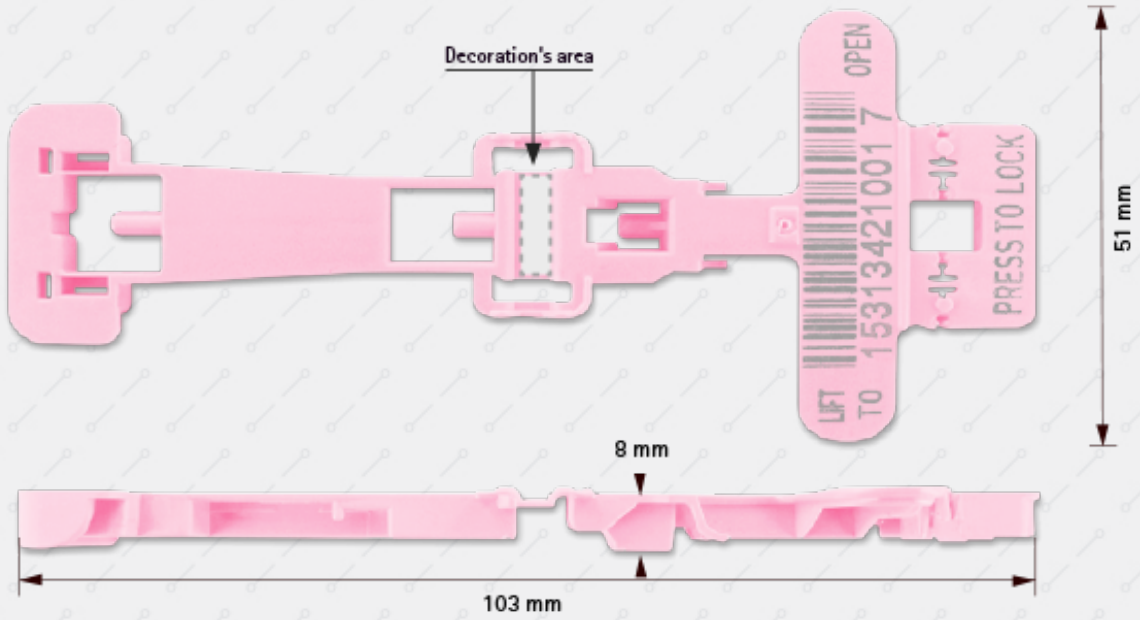

- Tamper evident weak points shows any fraud attempt
- The design of the seal allows adjusting it with precision to the closing system of the cassette and protects it
